August 15, 2020

**Celebrating Aging Through the Performing Arts**

## Greetings!

THIS SHOULD HAVE BEEN SHOW WEEK! \*sniff sniff\* Not only do we miss that fantastic, frantic, week of tech, but Skip and Jon (pictured above) have to come up with new excuses to wear those outfits in public.

We are nothing if not resilient!

Time for a little interaction. What have you been doing during lockdowns and social distancing? Have you picked up a new (or old) instrument? Started painting or drawing (or started again)? Sewing, cooking, reading, walking, puzzles, learning card tricks, training houseflies to salsa dance? We want to know! What keeps you engaged? We will share some of your answers in upcoming infomails. You never know who YOU will inspire!

**Email your answers to: [storycountysvs@gmail.com](mailto:storycountysvs@gmail.com)**

Remember, every Saturday you can find a brand new performance or a favorite flashback from one of our 25 shows on Facebook!

Hint for the next featured performers: It's hard to give hints for BRAND NEW SVS virtual performers. Let's just say in this video they are wishing they were home. Put your dancing shoes on!

## Introducing - Rock and Rollers?

### **Not those. The Rock and Rollers Senior Theater Group!**

The Rock and Rollers senior theater group was formed about ten years ago to give folks over 60 a chance to act, sing and dance. Scripts are written and the work begins. The group has performed each year at the Senior Variety Show and other venues in Story County. They have entertained at Ames cultural events, assisted living centers, and local organizations. The antics and hilarious costumes of this group have brought smiles and laughs to many. When we are up and “rockin” again, contact Pat Meek at 292-8203 or [jpmEEK@mchsi.com](mailto:jpmEEK@mchsi.com) if you would like to be part of this fun group.

## **Social Media and Social Distancing**

We had not heard of Zoom calls a year ago, and now SVS is zooming down the road with an Instagram account, updated

website, as well our presence on  
Facebook.

## Email Envy

Do you know someone who would like these infomails? (I just made that word up.) We don't necessarily have emails for members of the larger groups that have performed or our fabulous audience fan base. Forward this to them and they can request being added to our list and getting the scoop on what SVS is up to!

**Stay Safe,  
Stay Engaged,  
Stay Inspired**
